Subject index of Volume 4

abscess, endoscopic treatment 227
–, pancreatic 227
acute respiratory distress syndrome (ARDS) 31
adenomyomatosis, gallbladder 24
adventitial involvement 195
anastomosis, biliary 94
–, colonic 26, 97
appendectomy 6
–, laparoscopic 100

bacteremia 18
BICAP 164
bile flow 91
bile-duct stones, endoscopic therapy 20
– –, extracorporeal piezoelectric lithotripsy (EPL) 20
biliary atresia 13
– drainage 88
– stent 91
biopsy, needle 161
blunt chest trauma 31
bronchoscopy 31

cancer, early 80, 198
–, esophageal 150, 198, 202
carcinoma, esophagus 118, 195
–, small-cell 118
chest trauma 31
cholecystectomy 135, 141
–, laparoscopic 1, 125, 133, 186
–, laser 133
choledocholithiasis 36, 133
choledochoscopy 36, 191
cholelithiasis 141, 191
cholestasis, in newborns 13
chronic pancreatitis 83
Clostridium difficile 217
colitis, pseudomembranous 217
colonoscopy 217
contusion, lung 31

devascularisation, operatively 69
diazepam 179
dilation therapy 26
dissolution, endoscopic 128
–, oral 128
–, percutaneous 128
drainage, percutaneous 209
–, transgastric 209
drainage-tube, complications 184

early gastric cancer 80
echo contrast sonography 114
electrical diathermy 94
electrocoagulation treatment, bipolar 164
– –, palliative 164
endoluminal ultrasound 187
– –, biliary tree 187
– –, pancreas 187
endoscopic dilation 26
– injection sclerotherapy (EIS) 15, 18
– intubation 202
– pancreatic prosthesis 83
– patch repair 10
– procedures 179
– retrogarde cholangiopancreatography (ERCP) 39
– surgery 10
– sutures 220
– ultrasonography (EUS) 69, 195
endoscopy 41, 175
–, fiberoptic 80
–, percutaneous 212
–, postoperative 184
–, upper gastrointestinal 76
–, video 80
endosonography 69, 154, 195
ERCP 23
esophageal carcinoma 195
– mucosal resection 198
– tumors 202
esophageal varices 15, 18, 76
esophagogastric varices 69
ESWL, extracorporeal shockwave lithotripsy 131
extracorporeal piezoelectric lithotripsy 20

falciform lift 186
fibrin sealant 212, 227
fibrinogen 97
fine-needle biopsy 206
fistula, enterobiliary 39
–, gastrointestinal 212
–, sealing of 212
fistuloscopy 212
fistulotomy, endoscopic 88

gall-stone-dissolution, endoscopic 128
–, oral 128
–, percutaneous 128
gallbladder 127
– disease 24
– stones 1, 127, 135
gastrointestinal hemorrhage 76
gastrostomy, percutaneous 173

hematoporphyrin 150
hepatomas 114
hernia, inguinal 10
hyperhidrosis palmaris 224

intubation, endoscopic 168, 202
–, palliative 168, 202
–, surgical 168

laparoscopic appendectomy 6
– cholecystostomy 1
laparoscopy, suture techniques 13, 103, 232
laparotomy 206
laser therapy 118
–, argon dye 150
–, CO_2 103
–, ND:YAG 103
lithotripsy 20
–, endoscopic 36
–, intracorporal 1, 135
–, laser 36
–, ultrasonic 1

manometry 23
melanoma, esophagus 122
meperidine 179
monitoring 175
mucosal resection tube 198

nasopancreatic catheter 227
negative pressure 15
neoplasm, pancreatic 206

outpatient procedure 173
overtube, transparent 15
oxygen saturation 175

pancreatitis 23, 83
papilla of Vater 88
PEG, percutaneous endoscopic gastrostomy 173
peptic stenosis 168
percutaneous endoscopy 141
photodynamic therapy 150
pneumobilia 39
pneumoscrotum 230
polycystic ovarian syndrome 103
portal hypertension 76
postmenopause 108
postoperative endoscopy 184
pregnancy 100
primary malignant melanoma 122
prosthesis, endoscopic 83
–, pancreatic 83, 209
pseudomembranous colitis 217

residual stone 191

sclerotherapy 15, 18
sedation, intravenous 179
small-cell carcinoma 118
sonography 41
–, echo contrast 114
–, intraoperative 114
–, transvaginal 108
sphincterotomy, complications 230
–, endoscopic 230
staging, preoperative 154
stenosis, benign 168
–, oesophageal 168
stent, biliary 91
strictures, gastroesophageal 164
–, malignant 164
submucosal lesions 161
surgical staplers 26
sutures, endoscopic 220
suturoscope 220
sympathectomy, thoracoscopic 224

therapy, photodynamic 150
thoracoscopy 24
tumors, esophagus 154
–, papilla of Vater 88
–, rectum 154
–, stomach 154

ulcer, duodenal 232
–, perforated 232
ultrasonography 24, 69, 209
–, endoscopic 122, 195
ultrasound, endoluminal 187

welding, high frequency tissue 94
–, laser 94, 97

Abstract section 47
(abstract nos.)
Interventional laparoscopy and the surgeon (1–17)
Ultrasound and the surgeon (18–27)
Posters (28–89)
